

Ideas for using *Kids Celebrate Our Worship Book*

- Point out to your child that your congregation is using *Evangelical Lutheran Worship* just like the people on the cover of this booklet.
- Have your child look for crosses in your worship space. Show your child the cross on the front cover and spine of our worship book.
- Show your child that some pages in our worship book have songs, and others have words that help us worship together.
- Show your child that some symbols are repeated in *Evangelical Lutheran Worship*. For example, the cross and leaves symbol is used in many places, including pages 17, 72, 225, 231, and 257. The communion symbol is used on the first page of Holy Communion settings 3–10 (beginning on p. 138).
- If your church's baptismal font or communion cup is similar in shape to the communion symbol, point that out to your child.
- Trace the sign of the cross on your child's forehead using words such as "Jesus is always with you," "Jesus loves you," or "You are God's precious child."
- At mealtime or bedtime, pray for members of your church family who are sick or hospitalized.
