

# CALENDAR OF WORD AND SEASON 2023

This year's calendar images, created by **Vonda Drees**, were inspired by the texts of the year A lectionary. On their own, they gather themes from the readings. The images can also be viewed together as seen at left, parts of their stories connecting in ways newly and yet to be imagined. Vonda invites kindred spirits to engage with the images begun here. Marvel. Question. Contemplate.

Themes of theological pondering about presence, flow, wonder, wholeness, abundance, warmheartedness, home, and more infuse Vonda's art, found at [vondadrees.com](http://vondadrees.com) and [instagram.com/vondadrees](https://www.instagram.com/vondadrees).
