SPARK

Everything
He Needed

While David looked after
His sheep on the prairie,
The Israelites spied something quite scary!
The Philistine army was taking a stand;
At the front of the pack stood a
mighty **BIG** man.

His name was Goliath,
His legs big as trees!
He took on Saul's soldiers
By 1's, 2's, and 3's.
The Israelites' failure brought Goliath delight,
But David stepped up and told Saul he'd fight.

"I'll do it," he said,

And King Saul stepped aside
As the Israelites gladly
Went running to hide.

Then a moment of insight—
A spark from the Lord!

“I’m not gonna win this fight
with a sword!”

David remembered
He was not unprepared!
While tending his sheep
He fought lions and bears.

He shed all the armor,
With one last loud clatter.
He set his gaze high.

“I’ll tend
to this matter.”

The Philistine giant was
Teasing and taunting,
But David no longer
Saw him as daunting.

He knelt down to choose
A pebble just right. 

He took out his sling,
And with all of his might,

A SNAP!
And a
WHOOSH

and the smooth stone
took flight.

A **THWAP**
then a **THUD**

You could feel for a mile:
The giant had fallen
At the hand of a child!

The Philistines fled:
Saul's men shouted
HOORAY!

Young David was truly
The hero of the day.
